AI-Powered Data Analysis: A Practical Introduction

Systems Thinking for AI & Automation

Rethink How You Decide with AI

Aug 26, 2026

Soham Sachin Rane

has successfully completed the online Specialization

Applied AI: Data Analysis, Workflows, and Decisions

In this Specialization, learners explored practical approaches to working alongside generative AI in everyday professional and personal contexts. Through applied exercises and guided activities, learners practiced interpreting data, designing adaptable systems, evaluating automation opportunities, and developing more intentional approaches to complex decision-making.

Tina Lasisi
Assistant Professor of
Anthropology and
Assistant Professor of
Ecology and
Evolutionary Biology
College of Literature,
Science, and the Arts

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
